*Proceeds of this HIMSS Southern CA golf event will benefit a charity organization. **The Painted Turtle** is the sixth addition to Paul Newman's family of Hole in the Wall Camps for seriously ill children. It is also the only multi-disease camp and family care center of its kind on the West Coast. Through educational, therapeutic, safe, and just plain fun summer camp and year-round programs, The Painted Turtle provides a life-changing experience to children whose daily struggles often diminish both their desire to be well and their ability to lead a rich, productive life.
