

HIMSS Southern California Chapter proudly
presents the
Clinical Informatics Summit
On
Friday, June 25, 2010
At the
UCLA Medical Center
Covel Commons Conference Center
7:30am – 3:30pm PST

This dynamic educational program will bring together Health Providers, Clinicians, Allied Health Professionals and Informaticians to work together to integrate science, engineering and technology that encourage multi-disciplinary cross-collaboration to bridge the gap across health systems to improve patient safety, enhance the quality of care and to streamline workflow and clinical processes.

Registration will open mid May

**Nursing Continuing Education Credits will be provided and included in the registration fee.*

***CPHIMS credits may also be available.*
